Education

Mody University of Science and Technology	Aug. 2023 – Present
Bachelor in Technology- CSE	*CGPA-7.22/10*
Pragati Convent School	July. 2020 – April2022
XII	*88.2%*
St Joseph Convent School	July 2009 – March 2020
X	*90.4%*

Objective

Aspiring software engineer currently in the third year of B.Tech having good root on C, C++, and python along with experience in web-based technologies version control etc. Eager to apply technical skills, problem-solving abilities, and a passion for innovation in a dynamic and challenging environment. Looking for an internship or entry-level position where I can contribute to projects, learn from seasoned professionals and continue to grow my skills.

Projects

Expense Tracker |C++   Mar 2024 - Apr 2024

Developed an Expense Tracker in C++ to help users manage and monitor their personal finances. The application allows users to add, view, and categorize expenses.

Email Spam Filter |Python   Sept 2024 - Nov 2024

Designed and implemented an Email Spam Filter in Python using machine learning techniques. The system classifies emails as spam or non-spam by analyzing their content and features.

Appointment Booking System |Java,SQL   Feb 2025 - Apr 2025

Developed an Appointment Booking System in Java with integrated MySQL database to streamline the scheduling and management of appointments. The application enables users to create, view, update, and cancel appointments, while securely storing and retrieving data from the database for real-time tracking and efficient time management.

Technical Skills

OS: Windows,MacOS
Programming Languages: C,C++,Python,Java
Developer Tools: CodeBlocks, VS Code, Thonny, Turbo C

Soft Skills

Team Work
Communication
Problem Solving
Leadership
Attention to Detail
Time Management

Achievement

AIR 60 in NSTSE

Extracurricular

Executive Member of college photography society-Picturesque
